MYP Assessment Philosophy

MYP 評量原理

- **標準參照-學生於每學科目標所達到的程度，皆透過先決的準則來衡量。**
Criterion-related—levels of student success in reaching the objectives of each subject group are measured by relating student work to predetermined criteria
- **連續不斷的歷程-這是必須且重要的學習歷程。藉由學科評量，老師能辨別學生學習需求並且達到更好的教學與學習過程。**
Continuous—it is a necessary and important part of the learning process. By assessing students as they engage with subject content, teachers identify student learning needs in order to better inform the teaching and learning process.

Key Principles of MYP assessment

MYP評量的重要原理

- 透過給予反饋來支持與鼓勵學習。

Support and encourage learning by providing feedback on learning

- 告知、加強和改善教學歷程。

Inform, enhance and improve teaching process

- 促進學習正面態度。

Promote positive attitudes towards learning

- 促進思辨力與創意思考的發展。

Promote the development of critical and creative thinking

Key Issues in MYP Assessment

MYP評量的關鍵問題

- **理解總結性與形成性評估之間的差異。**

Understanding the difference between summative assessment and formative processes.

- **專注於學生最佳的成果表現而非機械式地取得平均成績。**

Paying attention to the best demonstration of student performance, rather than mechanically averaging grades.

- **於課程結束時綜觀評估而非針對單一要素。**

Assessment at the end of the course based on the whole course, and not on individual components.

評量標準將學生作業的表現，從最低的表现水平逐漸達到最高的表现水平，就像是水桶上面的容量刻痕，隨著水慢慢加入，水位線一層層地填滿。

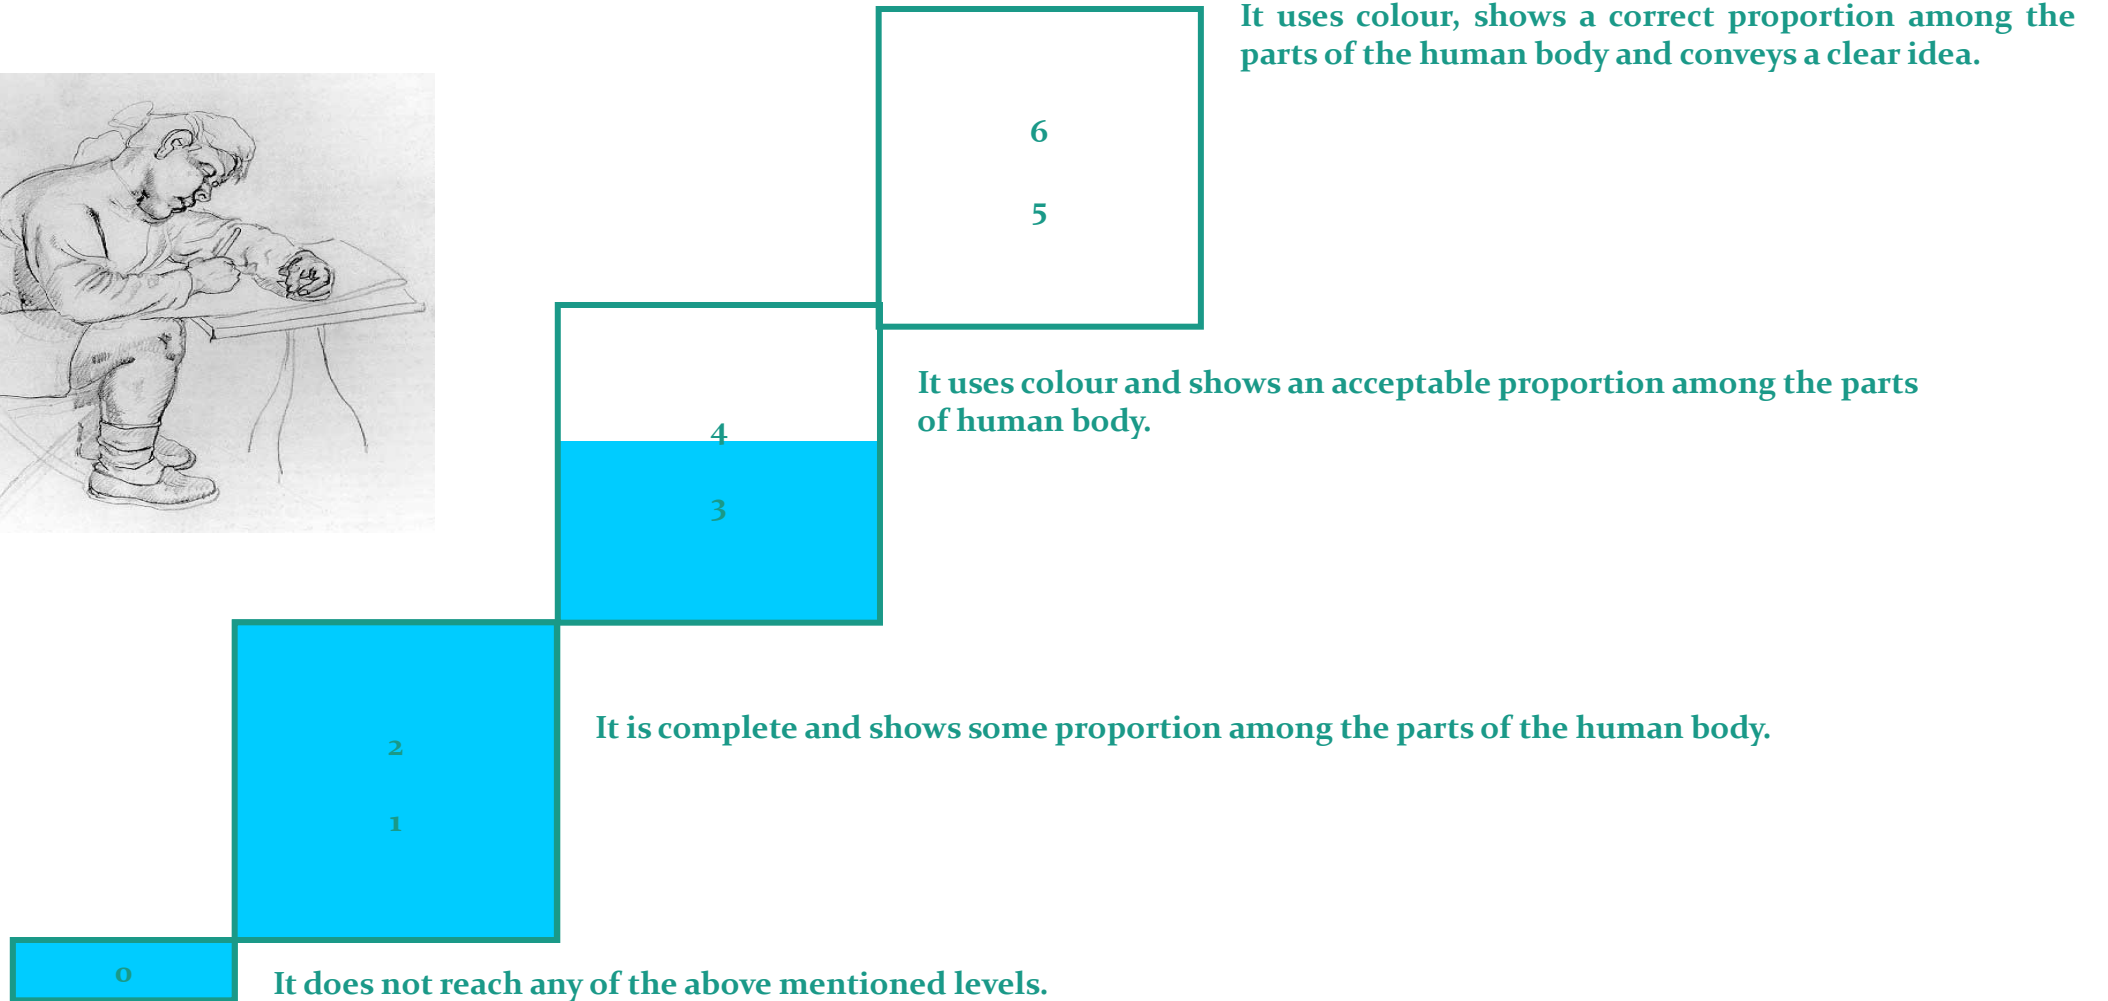

Criteria are similar to water buckets placed on pyramidal steps which get filled gradually, from the lowest level of achievement to the highest, depending on how well the student's work meets the requirements.

MYP Mathematics

G10 Math A: Algebra 2

Jose Paulo Valdeleon Santiago

Comments: For Unit 1, we covered quadratic functions of different forms and its applications. The grade in criterion A is based on a written summative of this unit that includes computations of familiar and unfamiliar problems. Daniel was also able to submit a research on application of quadratic function in Economics and he is doing a good job so far. He started the semester strong and on the right track of achieving his personal goals.

标准A:分析

成績水準 3-4

水準細則

學生:

- i. 對文本/材料的內容、背景、語言、結構、技巧和風格有尚充分的識別和解釋，對各種文本/材料之間的關係做了一些解釋；
- ii. 對創作者的選擇對受眾產生的影響有尚充分的識別和解釋；
- iii. 運用一些實例和解釋來論證各種看法和想法，但不夠一致；運用了一些術語；
- iv. 詮釋了體裁和文本/材料內部以及之間特徵的某些相似和不同之處。

作業在該項評分標準達到3級，是因為這位學生：

- ✓ MYP English Language Acquisition

I'm the head of English Language Acquisition

Subject Objectives

MYP language acquisition encompasses the factual, conceptual, procedural and metacognitive dimensions of knowledge. The student's knowledge and understanding will be developed through:

- learning language
- learning through language
- learning about language (Halliday 1985).

The language acquisition subject-group objectives represent some of the essential processes of language and have been organized under four communicative processes. They are as follows.

A Listening

B Reading

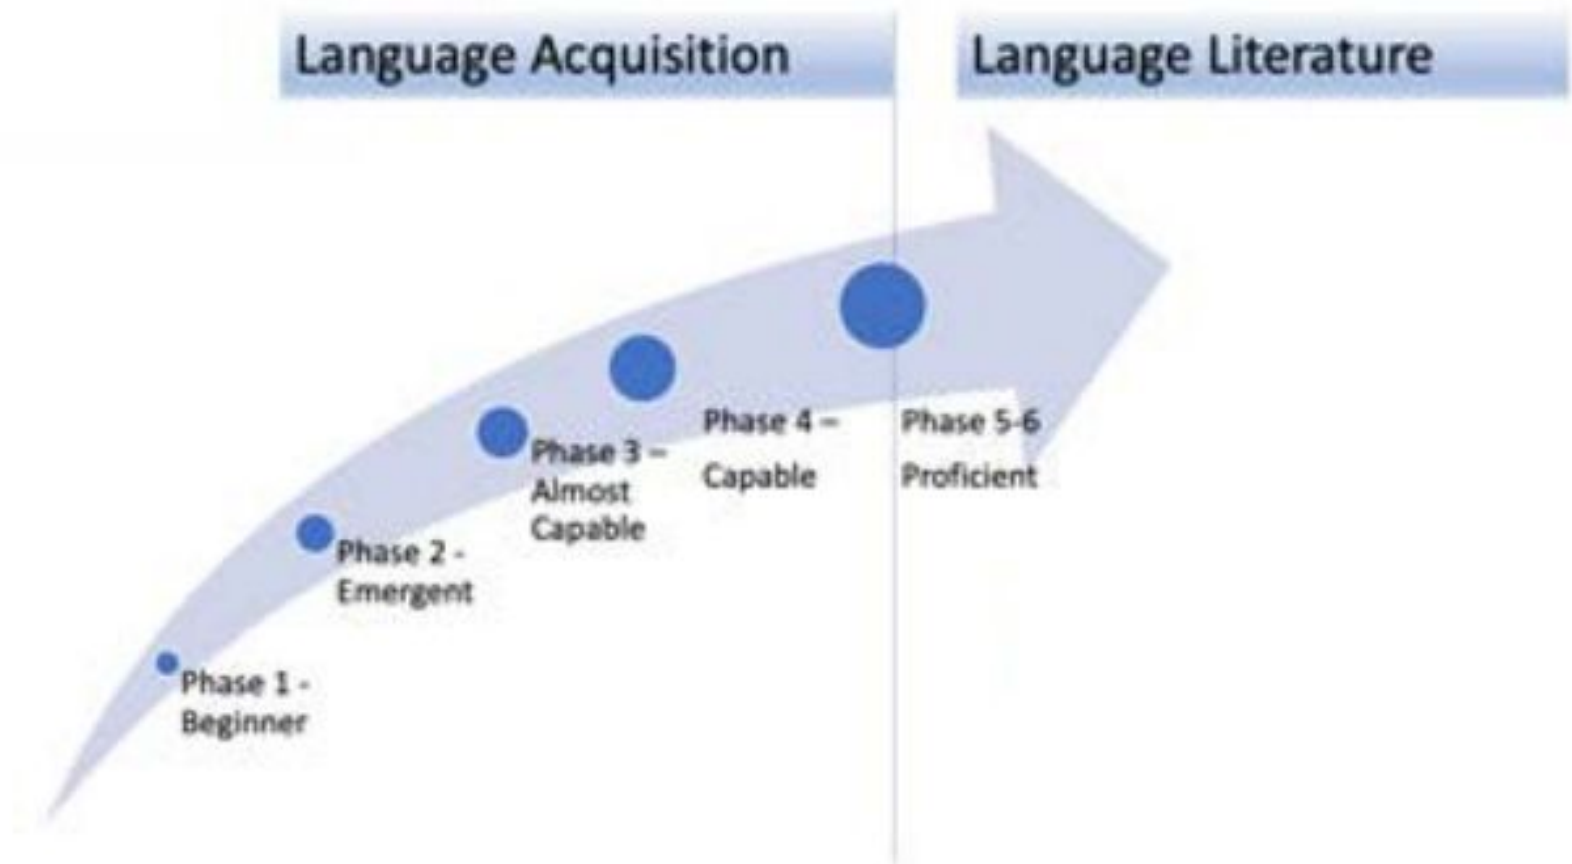

C Speaking

D Writing

The Progression of Learning

Phase 1-2	Emergent Communicator
Phase 3-4	Capable Communicator
Phase 5-6	Proficient Communicator

Phases in Language Acquisition

The Progression of Learning

As students develop their language understanding, increasing cognitive and skills demands are also set.

Aspects of the objectives	Emergent level	Capable level	Proficient level
Situations (context)	A range of interpersonal and cultural contexts relating to oneself and others, and one's immediate environment	A range of interpersonal and cultural contexts, including a range of unfamiliar situations	A wide range of interpersonal and cultural contexts, including topics of personal, academic and global significance

Alignment through Phases

Taken from IB MYP LA Guide

Unit Name	Level	Key Concept	Related Concepts	Global Context
Unit 1 Autobiography	Emergent	Culture	Meaning	Personal and cultural expression
	Capable		Audience, Message	
	Proficient		Audience, Structure	
Unit 2 Traveling	Emergent	Communication	Message	Orientation in space and time
	Capable		Audience, Purpose	
	Proficient		Message, Function	

Objective D: Writing

- use written language to communicate with others
 - Appropriate language (vocabulary and grammar) will be influenced by the following questions.
 - What is the role of the student/writer?
 - Who is the audience?
 - What is the purpose of the written text?
 - What is the message?
- demonstrate accurate use of language conventions
 - Consider the following questions.
 - How accurately is the language used?
 - To what extent is the language comprehensible?
- organize information in writing
 - Consider the following questions.
 - Does the student use an appropriate format?
 - To what extent are cohesive devices used in the organization of the text?
- communicate information with a sense of audience and purpose.
 - Consider the following questions.
 - How are the relevant information and ideas communicated?
 - How well does the student communicate so that the text makes sense to the reader?

Criterion D: Writing

At the end of the proficient level, students should be able to:

i **use** a wide range of vocabulary

ii. use a wide range of grammatical structures generally accurately

iii **organize** information effectively and coherently in an appropriate format using a wide range of complex cohesive devices

iv **communicate** all or almost all the required information with a clear sense of audience and purpose to suit the context.

LA Command Terms

Command term	Definition
Analyse	Break down in order to bring out the essential elements or structure. (To identify parts, relationships and interpret information to reach conclusions.)
Communicate	<p>To give messages or information to others through speech, writing, body movements or signals.</p> <p>When assessing criterion C, this refers to giving messages or information to others through speech.</p> <p>"To be able to communicate" is an overarching aim in language acquisition.</p>
Organize	Put ideas and information into a proper or systematic order; give structure to a text.
Outline	Give a brief account or summary.
Present	Offer for display, observation, examination or consideration.
State	Give a specific name, value or other brief answer without explanation.
Summarize	Abstract a general theme or major point(s).
Synthesize	Combine different ideas in order to create new understanding.
Use	Apply knowledge or rules to put theory into practice

Criterion D: Writing

Prompt

Write a narrative of 300-400 words that is fictional and where an idea, truth, message or theme that you think is valuable is communicated to the reader.

Time allowed:

This task will be completed in class under supervision.

You have 50 minutes to complete the task.

Word processing will be used but Spell check and Grammar check will be turned off.

Criterion D: Writing

Achievement level	Level descriptor
0	The student does not reach a standard described by any of the descriptors below.
1–2	<p>The student:</p> <ul style="list-style-type: none"> i.uses a limited range of vocabulary ii.uses a limited range of grammatical structures with many errors which often hinder communication iii.organizes some information in a recognizable format using some basic cohesive devices iv.communicates limited relevant information with some sense of audience and purpose to suit the context.

Criterion D: Writing

5–6	<p>The student:</p> <ul style="list-style-type: none">i.uses a range of vocabularyii.uses a range of grammatical structures with a few errors which do not hinder communicationiii.organizes information in an appropriate format using simple and complex cohesive devicesiv.communicates most relevant information with a sense of audience and purpose to suit the context.

Sample A Feedback

4	<ul style="list-style-type: none">• Basic range of vocabulary and grammatical structures	<ul style="list-style-type: none">• Organization causes some confusion• Some inappropriate word choices (“top most majorities”, “character specie”)• Comma splices• Unnecessary connectors• Lacking variety in sentence structures

Sample B Feedback

	+	-
6	<ul style="list-style-type: none">• Good range of vocabulary• Good range of grammar structures• Consistent and correct tense• Strong sense of audience and purpose• Range of complex cohesive devices	<ul style="list-style-type: none">• Grammar• Tense errors, especially in the last paragraph• Last paragraph seems rushed

Sample A Feedback

The student:

- 3–4
- i. writes/speaks using a range of vocabulary, complex grammatical structures and conventions, with **some inappropriate choices**; speaks with **some** errors in intonation and pronunciation, affecting fluency and sometimes making understanding difficult
 - ii. organizes **some** information and ideas, and uses a limited range of cohesive devices, not always **appropriately**
 - iii. uses language to suit the context to **some degree**.

This work achieved level 4 because the student was able to communicate a story effectively but the use of vocabulary is not always appropriate, eg “character specie”. Language fits with the type of narrative with occasional lapses.

The work would have achieved a higher level if the student had not made certain grammar errors or used unnecessary connectors, for example, "as.....and" in paragraph 2. Use of richer vocabulary would have enhanced the achievement level.

Sample B Feedback

The student:

- 5–6
- i. writes/speaks making **good** use of a range of vocabulary, complex grammatical structures and conventions, **generally accurately**; speaks with fluency and **some** errors in intonation, though this does not interfere with comprehensibility.
 - ii. organizes information and ideas **well**, and uses a **range** of cohesive devices **accurately**
 - iii. **usually** uses language to suit the context.

This work achieved level 6 because the student uses a good range of vocabulary and some complex grammatical and rhetorical devices. There are some errors in grammar but the text is comprehensible and well communicated. The language used is suitable.

The work would have achieved a higher level had there not been grammar errors, such as confusion of tenses in the last paragraph. Richer vocabulary would move the piece into the highest achievement band.

How can students improve their learning in ELA?

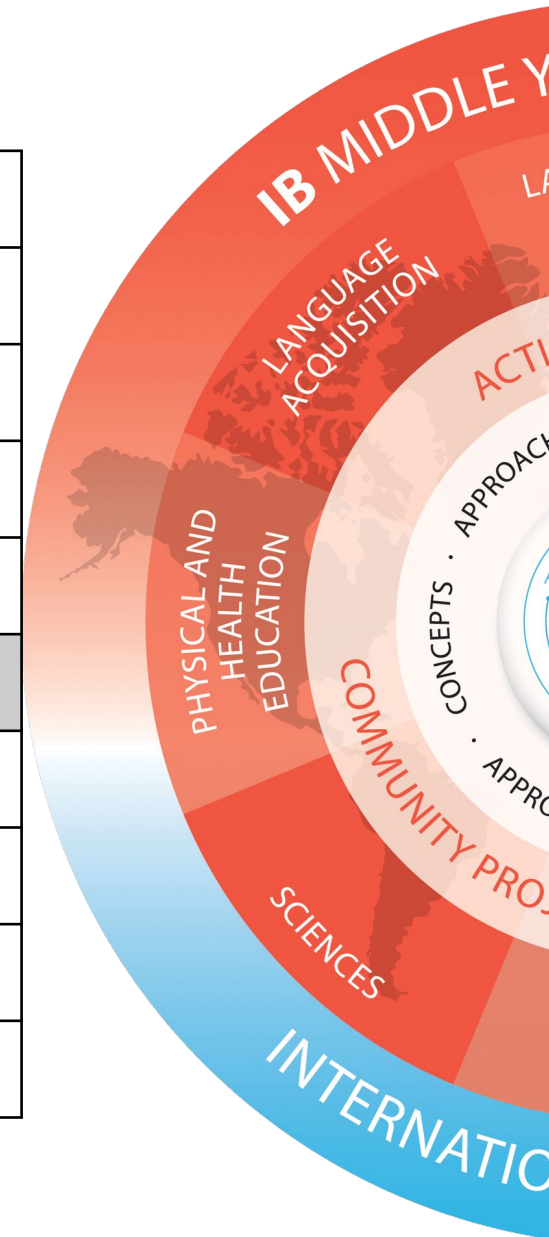

1. Follow the teacher's instructions faithfully.
2. Communicate with the teacher when needed.
3. Stay on track.
4. Don't miss out formatives.
5. Always practice academic honesty.

- Explain and Justify a need for a solution or a design (50 words)

1. What is the need of turning our classroom into an IB MYP classroom? (What should we change?)

We need to add things to the walls to make them look more educational, and also rearrange the classrooms so it'll look more tidy and neat. Also adding garbage cans so we don't have to walk all the way across the rooms to throw away small trashes.

2. Is there a problem that needs solving in our classroom? (Do you see any problems in our homeroom classroom?) (50 words)

Yes there is, the desks are not really good by the way it's arranged, and the floor has some scratches.

Identify the problems we have now? Is your classroom an IB MYP classroom

- Explain and Justify a need for a solution or a design (50 words)

1. What is the need of turning our classroom into an IB MYP classroom? (What should we change?)

A MYP classroom can let children and teachers easily move around, a MYP classroom should have posters and information on the walls. Students in the classroom should also make decisions, and should also use and manage materials in a flexible way, and students should collaborate together. It should also have IB and learner profile posters. A MYP classroom can let students' minds grow bigger by being more creative.

2. Is there a problem that needs solving in our classroom? (Do you see any problems in our homeroom classroom?) (50 words)

Our classroom does not have a learner profile and it certainly also has nothing about IB education on the backboard. I think we should make more use of the backboard. I also think that we should expand our classroom to a bigger and a more comfortable place to be. One of our classroom problems are that when we move around we would have to drag our chairs, but only our tables can move.

閱讀：鼓勵多查找文獻，在查找文獻的時候就會有很多閱讀。另外，針對自己喜歡的學習領域，可以跟 Librarian 去討論，請他建議一些孩子會有興趣的圖書。

英文能力：日常，他們是一直在使用。在七年級的暑假，可以參加學校辦理的海外服務營隊和英文語言學習學校短期就讀，會給學生很好的刺激。

如何知道自己需要加強的地方：溫故而知新，透過跟老師共同討論自己的作業，老師都很樂意跟學生分享如何可以進步！
